

■ Volvo Group Organization

The Volvo Group is the world's leading manufacturer of trucks, buses, construction equipment, marine and industrial power systems and components, and service provider for the aerospace industry. It also provides comprehensive financial services.

The Volvo Group has its roots in Sweden, France, Japan, and the United States and has approximately 100,000 employees, including some at Nissan Diesel.

Some 80% of the Group's workforce are employed in nine product-related business areas. A number of business units that supply components and provide services to support the Group's business areas globally are linked to these companies.
