GENERATING .INF FILES

PURPOSE

To issue the proper procedures for creating the updated Information File (.inf) after reprogramming the Engine ECU.

DESCRIPTION

An updated Information File (.inf) must be created whenever reprogramming the Engine ECU for any of the following reasons:

1. New Engine ECU replacement.
2. Replacement of injector(s).
3. A complete engine replacement.

The Information File (.inf) will have the complete VIN with the extension .inf and is saved in the Service_SND folder located in the computer's C drive (Local Disk).

Dealers are instructed to send this Information File to NDA via e-mail whenever reprogramming has been performed for any of the above reasons.

SERVICE PROCEDURE

Please refer to the PC Consult User's Guide pages 32 to 34 to create the Information File (.inf) . This publication is available in the UD Trucks Service Operation website.

THE INFORMATION CONTAINED IN THIS BULLETIN SHOULD NOT BE INTERPRETED AS THE BASIS FOR WARRANTY CLAIMS
